An update from the Altrincham Centre.....

We've just had some great news that our 7th client has gone debt free this year and we have many more in the pipeline as we approach Christmas.

Clients have found work and begun volunteering in many capacities. It has been a joy to see so many lives changed and impacted by the work of CAP and I feel privileged to be a part of it.

We have run our 4th CAP Money Course of the year which has been a real success with some positive changes in individuals lives and we have more courses planned so please refer to www.capmoneycourse.org for further dates
